This week's TOPIC: The Universal Antidote: NASA's Own Remarkable Biocidal

This week's Speakers: Nicole Landers, RN, BSN, LNC Director of COVID Care Strategy Team with Elizabeth Lee Vliet, M.D. Preventive and Climacteric Integrative Medicine physician and CEO of Truth for Health Foundation.

This week's program will discuss the many uses of Chlorine dioxide, one of the world's most powerful biocidal agents described by NASA, the National Aeronautics and Space Administration, as "The Universal Antidote." Chlorine dioxide (CDS, or ClO₂) is a chemical compound that has powerful antiviral, antifungal, and antibacterial properties. It was first discovered in 1811 and first used commercially in 1944. The Environmental Protection Agency (EPA) identifies ClO₂ or CDS as a certified biocide and states the following regarding its efficacy against pathogens: "Chlorine Dioxide is registered with the United States Environmental Protection Agency (EPA) as a disinfectant, sanitizer and sterilizer which is defined as the ability "to destroy or eliminate all forms of microbial life including fungi, viruses, and all forms of bacteria and their spores... **To date, no organism tested against Chlorine Dioxide has proven to be resistant.**"

See the EPA list of pathogens irradiated by CDS at the following site:

We will be teaching YOU the ACTION STEPS to take now to reduce health damage from all the threats you are hearing about in the media – COVID, monkey pox, Marburg, radiation exposure. This week's discussion presents the science and

research on a readily available, inexpensive approach YOU can set up from commonly available ingredients to use at home for environmental decontamination, improving health and minimizing infectious diseases. Learning how to safely use this widely available agent, active against all kinds of infection-causing organisms, helps reduce dependent on expensive prescription medications with potential negative side effects and helps reduce your risk of serious illness. Join us to learn more!

The first hour presentation will be followed by Live Q&A for participants to ask questions. Recording will then be archived on www.TruthForHealth.org for replay of all our past seminars.

CRITICAL UPDATES!

Covid Vax: The Likely Culprit in Sudden Adult Death Syndrome.

Dr. Vliet's radio show discusses the alarming rise in sudden deaths of young, healthy people following the COVID shots, and review the court-ordered release of 55,000 pages of Pfizer data that shows *they knew* these deaths and critical organ damages were occurring with the experimental gene therapy shots. The prideful arrogance and failure to warn the public by the medical profession, Big Pharma, FDA, CDC, NIH, Fauci, and other public health officials are leading to what Dr. Naomi Wolfe and others have called "a genocide." "The lies revealed are stunning," says Dr. Naomi Wolf in her recent Substack article that is one of many recent reports discussed by DrLee4America and Nicole Landers, RN, BSN discuss in today's show. Another report says, "Doctors baffled by Sudden Adult Death Syndrome (SADS) in healthy young people...and 90% die before ever reaching the hospital."
